

MAZDA CX-3

ZOOM-ZOOM

A MODERN CLASSIC

It's the small SUV with intuitive technology and Zoom-Zoom performance all encased in timeless design. Natural agility comes from Skyactiv Technology, along with impressive fuel economy. MZD Connect brings your online world along for the ride, while i-Activsense integrates intelligent safety. Experience responsive handling in your choice of front or all-wheel drive. From urban style to captivating performance, Mazda CX-3 is the small SUV that will be a modern classic.

TIMELESS DESIGN

Mazda CX-3 is a timeless example of the 'Kodo – Soul of Motion' design philosophy. Inspired by the instant energy bursts into motion, it's the powerful grace of an animal leaping into action. Balancing athletic presence, streamlined simplicity and luxurious detail, Mazda CX-3 brings rare imagination to the small SUV.

STYLED TO IMPRESS

Mazda CX-3's cabin is crafted to feel elegant and equipped to impress. Instruments are carefully placed to maintain your focus on the drive. Clean lines form a fresh, modern space. Each model blends inviting trim and materials, using metallic highlights and detail to striking effect and features MZD Connect as standard, where you control your contacts, music, social networks and more from a central touch screen[§]

THE FREEDOM TO EXCITE

The agile and spirited Skyactiv Technology delivers performance with confident handling. The spirited 2.0L petrol unleashes responsive power and impressive fuel economy.

Transmissions are sporty and refined in either automatic or manual. Mazda CX-3 offers front-wheel drive, or intelligent i-Activ AWD (all-wheel drive) that monitors and even predicts road conditions for maximum grip and performance.

STAY CONNECTED ON THE MOVE

Wherever you're headed, Mazda CX-3 is geared to go. Standard on every grade, MZD Connect includes Apple CarPlay® and Android™ Auto and taps into your smartphone, your music and contacts, plus online content and more*. Everything is displayed on a centrally-located touch screen for maximum concentration on the road. Just as thoughtful is the multi-function commander dial, which allows control on the move with minimum distraction.

*Core+ Model Only

BE SURROUNDED BY CLEVER TECH

Mazda CX-3 incorporates cleverly integrated tech such as the full-colour Active Driving Display in the Core+ Trim. By putting key info such as current speed and navigation cues into your line of sight, your eyes remain on the road ahead. Every model includes hands-free Bluetooth® phone connectivity and music streaming, and every grade also includes Apple CarPlay® and Android™ Auto.

XX

STYLE MADE VERSATILE

Comfortable, clever and capable, Mazda CX-3 features an intelligently-designed, well-crafted cabin that adapts to your lifestyle. The rear seats split 60/40 to allow for large or awkwardly shaped items. Folding down both rear seats creates a large, virtually flat-floored space. A handy two-way floor lets you customise carrying capacity even more – hide a handy extra compartment, or lower to expand the cargo bay. All your personal items have a place with plenty of useful storage.

CONFIDENCE-INSPIRING SAFETY

With an interior promoting driver concentration plus sharp reflexes, Mazda CX-3 is well-armed to avoid potential trouble. Collision protection is world-class, thanks to a highly rigid body integrating SRS airbags. But, driving safety is not only for the passengers, but also pedestrians. The CX-3 was designed with a bonnet that could help reduce injury to a pedestrian in the event of a collision. The Mazda CX-3 is designed with safety in mind so you can enjoy its exciting abilities with confidence.

It is the driver's sole responsibility to use safe driving practices, monitor vehicle surroundings and conditions and comply with all applicable laws at all times.

COLOUR IT YOUR WAY

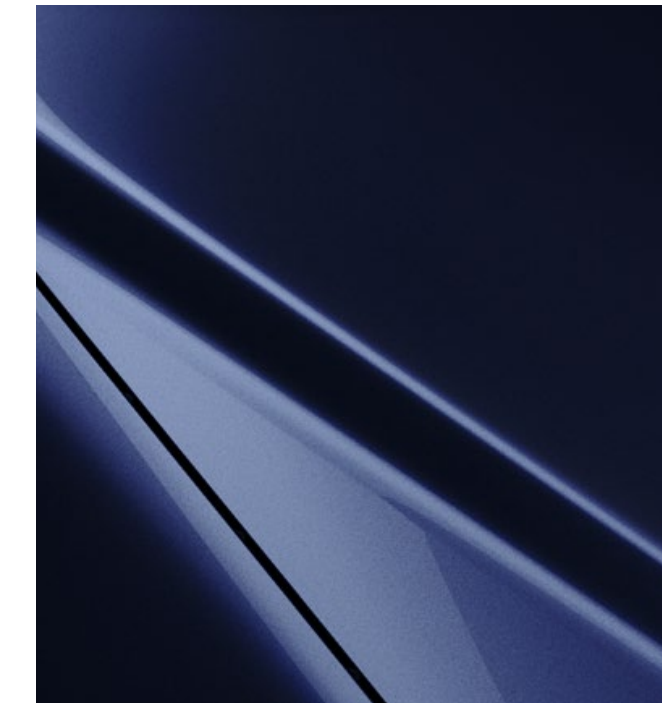

With 8 colours to choose from, including new Polymetal Grey, there is sure to be one that suits your style.

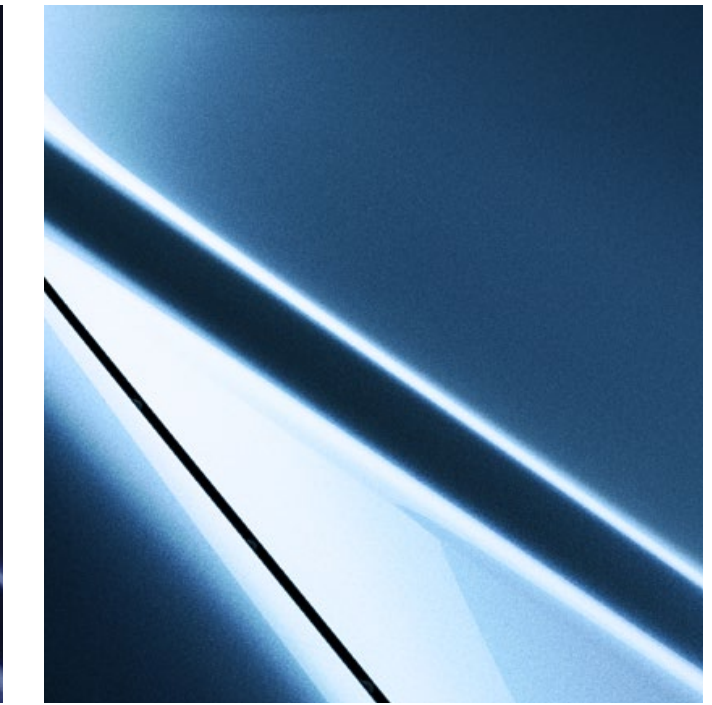

Snowflake White Pearl Mica

Ceramic Metallic
